

Implementing best practice solutions for a sustainable future.

Who We Are

Whiteley is an Australian family-owned company committed to reducing the risks of healthcare-associated infections. Through cutting-edge technologies, sustainable practices, and strong community partnerships, we create safer, cleaner environments for patients, healthcare workers, and our communities.

- ✓ TGA Licensed manufacturer of therapeutic goods
- ✓ Over 30 years' research collaboration with universities
- ✓ Australia owned family business
- ✓ Exceptional customer service
- ✓ Backed by science
- ✓ Advanced disinfection technology
- ✓ Excellent materials compatibility
- ✓ Local supply & unmatched service

Our Values

Whiteley believes patient safety should be protected by technology that reduces the risks of healthcare associated infections. Whiteley is committed to developing cutting edge technologies and to create safer, cleaner healthcare environments.

Collaboration

Working with industry associates to achieve shared success.

Innovation

Driving progress through creative thinking and smart solutions.

Customer-Centric

Putting customer needs at the heart of everything.

Sustainability

Committing to practices that protect people and the planet.

Excellence

Delivering superior quality and service in all we do.

Sustainability & Community Support

Our Sustainability Commitment

Our approach to running a profitable, long-term business begins with our commitment to continuous improvement, and delivering industry leading performance in all aspects of our business. Through sustainable business results, innovation, and responsible development activities, we create long-term value for communities, partners, employees and shareholders.

Environment

Minimise our environmental impact through responsible production and consumption in manufacturing processes.

Social

Deliver shared value for our people, shareholders, and wider communities.

Economic

Commit to sound governance practices and strong corporate leadership.

Proudly Supporting Our Communities

Whiteley supports a wide range of charities and not-for-profit organisations across healthcare, research, education, and social causes:

Hunterwise
Hunter Women in
STEM Network

ANZGOG [Australia New Zealand
Gynaecological Oncology Group]
Advancing research and treatments.

Royal Far West
Supporting country
kids' health.

ANZGITA
International Training Association
with more than 100 volunteer
medical professionals.

Children's Tumour Foundation

The Children's Tumour Foundation [CTF] is the only dedicated support service for those impacted by Neurofibromatosis [NF] in Australia; a genetic condition that causes tumours to form on nerves in the body.

University Collaborations

We strive to deliver safer, cleaner healthcare and community environments through advanced cleaning and disinfection technologies. Our research collaborations have led to significant scientific steps forward and have extended the global understanding of issues around hygiene, infection prevention and infection control. For more than 30 years Whiteley has worked collaboratively with universities both locally, nationally and across the world to achieve these goals including:

- University of Sydney
- Macquarie University
- University of Newcastle
- UNSW Sydney
- Western Sydney University
- The University of Queensland
- Deakin University
- The University of Tulsa [USA]
