

VISION

WINDOW & GLASS CLEANER

Vision is a heavy duty, ready-to-use window & glass cleaner, designed to deliver fast drying sparkling windows with a streak free finish. Vision is designed to improve cleaning efficiency.

BENEFITS:

- Safe on window seals
- Residue free
- Hydrophilic effect on glass surfaces
- Free from ammonia, phosphate & chlorine

Vision is a multipurpose product and can be used for cleaning:

- Internal and external windows
- Tinted windows
- Mirrors
- Chrome
- Whiteboards
- Formica
- Acrylics and polycarbonate
- Monitors and screens

DIRECTIONS FOR USE:

Use undiluted. Apply product using trigger spray and wipe with a clean cloth or window squeegee. Alternatively, Vision may be applied to surfaces directly using a clean, damp cloth. Cleaning in sections is recommended for large surfaces. DFU - Do not apply directly to electrical equipment; instead, lightly spray onto a clean cloth before use. Handy Hint: For larger external surface areas, Resolve Dishclean can be used for economic efficient cleaning.

HEALTH AND SAFETY STATEMENT:

There is no way of predicting an individual's response to cleaning or disinfecting products. All cleaning and disinfecting products have a potential to cause skin and other irritation in susceptible individuals. Direct physical contact with the skin should be avoided. If irritation does occur when using this product or any other cleaning/disinfecting solution then the individual should be removed from direct contact with the solution until a satisfactory safe working environment for that individual is determined.

ENVIRONMENTAL STATEMENT:

Whiteley manufactures products that comply with Australian and International environmental policy. Whiteley aims to ensure that every product is 100% biodegradable, whilst achieving optimal performance and benefit to customers. All Whiteley products are supplied in 100% recyclable containers. Whiteley and its staff are fully committed to ensuring that our environment and those international environs in which our products are used are enhanced by the use of technology, and that these environments are preserved for the enjoyment of future generations.
